

## Machinery of Government (MoG) - Governance model

### CEO Consultative Group

- Public Sector Commissioner
- Director General DPC
- Under Treasurer

**Matters referred for discussion/clarification or resolution**

A separate steering committee is established to manage each MoG

### MoG Steering Committee

- Public Sector Commission (Chair embedded in agency)
- Public Sector Commission support
- Senior departmental representatives
- Department of the Premier and Cabinet
- Department of Treasury

#### Oversee the implementation of the respective MoG actions

- Determine what organisational changes, within existing or across new agencies, are necessary to give effect to Government priorities and objectives.
- Identify the functions to be established/transferred.
- Address any legislative implications or provide advice as to how they may be addressed.
- Ensure a smooth transition of affected staff.
- Ensure the establishment of any new organisation, including arrangements for the CEO.
- Determine the most efficient and effective means by which common service areas (e.g. corporate services, communications) will be provided in the short term.
- To provide advice on the matters relating to the allocation of budget and funding issues.
- Provide advice for the most cost-effective accommodation arrangements.
- Provide advice on the relocation of physical resources.

#### Change management implementation

Public Sector Commission representative (MoG Steering Committee Chair).

Senior departmental staff from each affected agency

Departmental support.

- Manage the implementation of the Steering Committee's approved recommendations
- Coordinate the development of a Communications Plan
- Coordinate the change management plan and process
